Kabuli Chickpeas (Garbanzo Beans) are internationally celebrated for their large size, creamy white coloration, and nutty, buttery texture when cooked. Essential for authentic Hummus, falafel, gourmet salads, and Mediterranean canning. AGROLINK calibrates Kabuli Chickpeas with millimeter precision into distinct international counts: 40-42 (12mm), 42-44 (11mm), 44-46 (10mm), and 58-60 (8mm) per ounce, guaranteeing supreme visual appeal and uniform boiling quality.
